Onboarding and Probationary Period

All new Stewards at Diversignsa begin with a **3-month probationary period**. This period is designed to build trust relationships and integrate new team members into our Steward community.

Key Features:

- **Limited System Access:** During probation, Stewards have limited access to software, applications, and internal systems. Full access is contingent upon

clearance from a Human Connection (HC) Steward or Founding Steward.

- **Team Building Focus:** The probationary period emphasizes relationship-building and cultural integration.
- **Week 1 Orientation:** Comprehensive onboarding covering company policies, systems, and expectations.
- **Weeks 2–12 Integration:** Gradual integration into team responsibilities with mentorship and support.
- **Performance Expectations:** Clear performance standards are communicated and monitored throughout the probation period.

Probation Review Outcomes:

- **Successful Completion:** Steward is fully integrated with unrestricted system access.
- **Extension:** Probation may be extended if additional time is needed for integration or performance improvement.
- **Termination:** Employment may be terminated if performance or cultural fit expectations are not met.

Termination During Probation:

Stewards terminated during the probationary period have limited recourse under standard employment law, as probationary employment is at-will. However, Diversignsa is committed to fair and transparent communication throughout this period.
